

East Side Games Group Announces Partnership with NoPowerup

Vancouver, BC, December 15, 2021 – East Side Games Group (TSX: EAGR) (OTC: EAGRF) ("**ESGG**" or the "**Company**"), Canada's leading free-to-play mobile game group, announces that it has entered into a publishing and Game Kit partnership agreement with NoPowerup Vietnam JSC ("**NoPowerup**"), based in Hanoi, Vietnam, for the world-wide release of a free-to-play mobile game on iOS and Android (the "**Partnership**").

The game will be developed in-house by NoPowerup, leveraging ESGG's proven Game Kit-Idle technology, and will be published by East Side Games ("**ESG**"). The title will be an idle business tycoon-style game and is expected to launch world-wide in 2022. Terms of the Partnership are subject to confidentiality obligations.

Game Kit-Idle is one of ESGG's core software technologies. This internally developed proprietary game framework for building narrative driven idle games allows for a material decrease in the typical build to launch timeline for mobile games developed on the platform. This platform is utilized by ESGG studios and is also open to third-party developers on a partnership basis.

"We are excited to expand our Game Kit network into Hanoi, Vietnam and we couldn't have selected a better partner to do this with. Known for developing the hit idle game, *Lumber Empire: Idle Tycoon*, NoPowerup has developed many top-tier Hyper Casual and Idle mobile games. They now get to leverage their past success and experience as they develop on ESGG's Game Kit-Idle platform," said Darcy Taylor, Chief Executive Officer of East Side Games Group. "This Game Kit agreement with NoPowerup is the 8th partnership announced this year and expands our geographic diversity and game publishing pipeline for 2022."

NoPowerup CEO, Mr. Hoàng Xuân Tùng, said: "We can't wait to get started working with ESGG's Game Kit-Idle platform and to realize the benefits that it brings to the development timeline. The new game we're working on together will leverage our vast experience and expertise in the Hyper Casual and Idle genres and build on our recent success in the idle space especially. This game will be a fun-filled idle adventure for the whole family!"
